ACCOUNTABILITY STATEMENT

Results Report
2023–2024 Academic Year
ACCOUNTABILITY STATEMENT

The Annual Education Results Report for Canadian School Querétaro for the 2023/2024 school year was prepared under the direction of the Board / Board of Directors in accordance with the responsibilities under the Education Act and the Fiscal Planning and Transparency Act. The Board is committed to using the results in this report, to the best of its abilities, to improve outcomes for students and to ensure that all students in the school authority can acquire the knowledge, skills, and attitudes they need to be successful and contributing members of society.

This Annual Education Results Report for 2023/2024 was approved by the Board on **November 28th, 2023**.

In the fall of 2023 Canadian School Querétaro for the first expanded and opened a grade 6 class. CSG is very grateful for the ongoing support from our stakeholders in the community that helped make this growth possible. This is a milestone achievement that we are so very proud of.

INTRODUCTION TO 3 YEAR EDUCATION PLAN

This 2022-25 3 Year Education Plan extends on the areas of focus of previous 3 Year Education Plans; goals have been set to make them more understandable to all stakeholders of our school community.

Measures for each goal have been explicitly identified to better measure our progress and be more explicit on how our community members can work collaboratively, in a common direction to ensure continuous improvement and student success. As the ripple effects of the COVID-19 pandemic continue to show themselves, our goals across the assurance domains look to rally all community stakeholders around how to best support our student learning, socioemotional and behavioral needs.

PRIORITIES

In meeting the goals of our Education Plan, we will focus on:

1

Continued focus on growth and gap closing in student literacy and numeracy - through leveraging school resources, targeted intervention strategies, and professional learning goals.

2

Renewing commitment of the entire school community to the Canadian School Way Values - fostering a safe, caring, and inclusive community of learning through active, constructive, and empathetic participation of students, parents, and staff.

3

Building accountability in our students to model active citizenship within and beyond the school community - in adhering to our school Code of Conduct, participating in school and community initiatives, and demonstrating agency and independence in their learning.

4

Enhancing professional capacity through strengthening and expanding our professional learning community- carving out time, space and resources to facilitate professional growth and collaboration aligned to data-driven student learning goals.

5

Increasing parental engagement and awareness of academic goals and progress - through visible and interactive “celebrations of success” and ongoing opportunities to build and share targets and strategies.
